Feeder Pillars (Fabrication) 8 Way

Feeder Pillars (Fabrication) 12 Way

Fabrication - 63 / 100 Kva

Fabrication - 16 Kva

Fabrication - 200 Kva

Fabrication - 25 Kva

Deep Drawn - 200 Kva

LTDB Boxes

Deep Drawn - 16 Kva

Deep Drawn - 25 Kva

Deep Drawn - 63 / 100 Kva

LTCT Meter Box

Fabrication - 16, 25, 63, 100, 200, 250, 315, 500 Kva 3 Phase

Deep Drawn - 16, 25, 63, 100, 200, 250, 315, 500 Kva 3 Phase

Deep Drawn - 16 Kva Single Phase

Fabrication - 16 Kva Single Phase

FACILITIES

1) Sheet Metal Fabrication

- a) CNC Laser Machine - 1 No (Imported)
- b) CNC Turret Punch Presses - 2 Nos (Make - Amada - Japan)
- c) CNC 8 Axis Press Brakes for bending - 3 Nos (Make - Amada – Japan)

2) Hydraulic and Mechanical presses for deep drawn boxes & enclosures and all related components

Range of hydraulic presses from 200 tons to 1000 tons – 5 Nos

Mechanical presses from 10 tons to 250 tons – 22 Nos

3) Welding stations with MIG and TIG welding capabilities

4) Conveyorised Powder Coating Plant – 2 Nos

5) Assembly of Boxes, Pillars & Panels

- a) Mechanical assemblies
- b) Electrical wiring and switchgear assemblies

6) Connectors (MOC) Bus Bar and Link Work manufacturing

Including sleeving in an oven

7) All related quality verification apparatus

For mechanical inspection as well as testing of electrical assemblies

ODB (Deep Drawn)
